(1) invoice mandatory information - non-exhaustive list, additional informations are mandatory on the invoice : purchase order number, your Intracom VAT code, ... : see "Invoice form" part.

(2) in order to speed up the payment, you shall always explicitly mention all the invoice mailing address information, especially **TSA code mandatory for mail transmission and CM code in the billing address mandatory for all invoice transmission**

The CM number (meaning Code of the Machine) in the billing address allows Safran to route the invoice to the correct ERP for reconciliation and accounting work.

(3) for express deliveries, (Fedex, UPS...), Paragon phone number is : +33 (0)3 20 12 12 12

(4) If you have questions about invoice transmission by e-mail, documentation is available in the document <https://www.safran-group.com/media/468098/download>, in Safran website suppliers area: <https://www.safran-group.com/group/purchasing/documents-portals> or contact <https://sfssupport.microsoftcrmportals.com/en-US/>

Invoices have to be sent by mail **OR** by e-mail. Using both transmission modes slows down the payment of your invoice.

Important: - this document scope is only Safran companies Purchases in France and Belgium listed above. Other countries subsidiaries Safran companies purchases are out of scope : refer to the purchase order or contact your buyer.

Invoice form: formalities to reduce the processing time of your invoices through our automatic acquisition system.

Your invoices must be submitted in one unfolded copy, without staples and be systematically sent to the mailing address indicated on the order.

IMPORTANT - We emphasize the fact that the **order number** and your **supplier tax identification number** (for European suppliers, this is the intra-community VAT no. or fiscal Id) must appear on the invoice in order to avoid further delay (inaccurate or incomplete invoices considerably delay payment).

Information required by Safran to be displayed on your invoices :

Transaction identification elements

- **Order number** (command reference) as shown on the order sent by the Safran company
- Your invoice will be structured as the order with the same order lines details
- **Delivery number** or minutes of receipt number
- Amount, reference and names of **products** or **services** sold
- **Non Quality Event number** related to the **credit note** (according to companies: NQE, inspection report n°,...)
- **Delivery** address

Financial information

- At the bottom of your invoice, subtotal + total VAT must be equal to the total
- Settlement date
- Invoice currency
- Any discounts, rate of late penalty
- Advanced payment
- Terms of price escalation

Safran company information

- Name of the company of Safran
- Intra-community VAT no (EU VAT number) of Safran company
- Billing address of Safran company
- Invoice sent by mail: invoice mailing address with regular mail service including TSA code
- Invoice sent by e-mail: invoice billing address including CM or TSA code

Your information

- Your bank details : **IBAN code**
 - Contact information (name, phone and **email address**) of a person in case of billing dispute
 - For French suppliers:
 - Your name, address, RCS, legal form and social capital
 - Your **VAT number**
 - Your **SIREN**
 - Your RCS number along with the city where is the registry of the tribunal of commerce
 - For EU area suppliers:
 - Your **VAT number**
 - For outside EU suppliers:
 - Your **Fiscal Id or Tax Id**
 - Your **DUNS code** if available
- NB** : if you have signed a convention of fiscal dematerialization (EDI), you must not send paper invoices.

To speed up the payment of the invoice

- **one invoice** includes **one single purchase order number**
- as soon as the invoice is issued, send it **without further delay**
- include the **bank details** in the invoice
- a **single bank account** per **currency**
- for French suppliers, specify the tax option « débit » or « encaissement »
- additional documents must be sent directly to the prescriber shown on the purchase order (for example acceptance report)

E-MAIL invoice transmission

Safran objective is to have E-invoicing (EDI, factur-X) transmission with its suppliers. We ask you to contact your buyer to support you in this process. Nevertheless, e-mail invoice transmission is admitted.

As part of a progress plan to improve the process of processing and payment of supplier invoices and reduce the carbon footprint, SAFRAN has created email addresses to allow its suppliers to address directly their invoices by email.

Advantages of this solution : removal of paper, traceability of documents, reduction of the deadline for receipt of invoices

To use this solution, it is essential to respect the following three PREREQUISITES :

- The invoices must be sent in **PDF format** and contain only **one invoice per PDF**.
SAFRAN declines all responsibility in case of mistreatment if the transmitted PDFs were to contain several invoices.
- The invoices must mention the **CM** or **TSA code** associated with the invoice mailing address
Example : SAFRAN NACELLES **CM 38816** Route du pont VIII - BP91 - 76700 GONFREVILLE L'ORCHER -France
Any invoice sent by e-mail without CM code is rejected.
- The invoices must be sent in **native PDF format**, that is, unmodified PDF without protection nor password.
System controls are built into the solution.
Example : a printed and scanned invoice is not a native PDF and will be rejected

In order to eliminate your paper billing and activate the e-mail transmission, the registration process is :

- Register on the portal using the link for the Safran compagnie
- Create and complete the user account by filling in the email address that will be used to send the invoices.
- Accept the Terms of Use.

Once the account is activated, an email address for invoices will be transmitted and used to send the invoices directly by email
